

Perumal Nithiarasu (PN) is Professor, and Associate Dean for Research, Impact and Innovation at the Faculty of Science and Engineering, Swansea University. PN's research areas of interest include computational fluid dynamics/biomedical engineering and heat transfer. He has been working in these areas for nearly thirty years and has published more than 300 articles and two books (nearly 7000 citations with h-index 31). PN was awarded the Zienkiewicz silver medal of ICE London in 2002, ECCOMAS Young Investigator award in 2004 and the prestigious EPSRC Advanced Fellowship in 2006. PN is the founding editor in chief of the *International Journal for Numerical Methods in Biomedical Engineering*, published by Wiley-Blackwell. PN was elected to the fellowship of Learned Society of Wales in 2018.
